

# Occasional Invaders

## PREPARATION FORM

### How To Prepare For The Service

#### KITCHEN

Empty cabinets of ALL items.  
Properly seal any open food in storage containers or place in fridge.  
Clear the floor of all items and relocate them away from the treatment area.

#### CLOSETS

If pest activity, remove ALL items from closet floors.

#### BATHROOM

Remove ALL items from cabinets and drawers.  
Place personal items in plastic containers.

---

## After The Treatment

---

- DO NOT use other pest control chemicals (powders or sprays) or cleaning products near the treated areas, as this can reduce effectiveness.
- Vacuum up any dead bugs
- Our team will conduct a thorough inspection inside and outside your home to locate any remaining activity.
- Your Technician will follow-up to check if your issue is resolved.

---

## Reminder

---

**For everyone's safety, please keep all people and pets away from the treated areas while our Technician is at work. Fish aquariums must be covered & filter disconnected.**

**SERVICE WILL NOT BE PERFORMED WITHOUT PROPER PREPARATION.**

**Persons with health conditions should consult physician concerns regarding re-entry time.**

Please be patient, it may require several visits or 2 to 3 weeks to control the infestation.

---

## What You Can Expect From The Treatment

---

Your Technician will inspect the interior and exterior of your home for entryways & recommend repairs.

Your Technician will implement a program using methods where necessary. All treatments will be made with your safety in mind.

---
