

Rodent Treatment PREPARATION FORM

For our team to provide effective service, we ask that before our arrival you review and complete the listed preparations below. The following steps will ensure that your Technician can provide an effective and safe treatment.

How To Prepare For The Service

KITCHEN & BATHROOM

Remove ALL items from cupboards & drawers below sink. ie. dishes, pots, food, etc. ALL surfaces MUST be clean (ie. fridge, stove, microwave, & toaster).

EXTERIOR

Reduce clutter in the shed & garage. Remove obstacles near walls. Cut vegetation 3 feet away from home.

BASEMENT, CRAWLSPACE & ATTIC

Reduce clutter & remove obstacles blocking access doors, electrical panels & furnaces.

GARBAGE

Dispose of trash daily & verify dirty dishes are not left overnight. Ensure outdoor garbage containers are rodent-proof.

INTERIOR

Remove ALL items from corners of unit/home. Clean out ALL floor closets.

REPAIRS

Fix dripping taps & leaky pipes to ensure removal of excess water. Seal ALL open gaps around plumbing & heating pipes.

After The Treatment

- **DO NOT** touch stations or traps.
- Ensure pet food is secured in heavy-duty rodent-proof containers & not let out after pets have fed.
- Remove bird feeders & clean spilled seed.
- **DO NOT** use over-the-counter products to treat. Your Technician will follow-up to check if your issue is resolved.

Reminder

You or your pets **DO NOT** need to leave your home before, during, or after treatment.

SERVICE WILL NOT BE PERFORMED WITHOUT PROPER PREPARATION.

Please be patient, it may require several visits or 2 to 3 weeks to control the infestation.

What You Can Expect From The Treatment

Your Technician will inspect the interior and exterior of your home for entryways for rodents & recommend repairs.

Your Technician will implement a program using traps & glue boards where necessary. All treatments will be made with your safety in mind.
